Email: neelopharpraveen@gmail.com

Mobile: +91 8332056755

Career Objective:

Seeking a role as a React.js Developer where I can utilize my strong proficiency in JavaScript and expertise in developing new user-facing features, building reusable components, and optimizing performance across diverse web platforms.

Technical Skills:

- **Programming Languages:** JavaScript, HTML, CSS
- **JS Framework:** React.js
- **Back-end/Databases:** SQL, MySQL
- **Version Control:** Git, GitHub
- **Front-end Libraries:** Bootstrap
- **Tools:** Visual Studio Code
- **Additional Skills:** Responsive Web Design, Strong problem-solving and debugging skills, Adobe Photoshop, Autodesk Maya

Work Experience:

Software Developer, Hula Infotainment Pvt. Ltd., Hyderabad:*(March 2022 - Present)*

- **Project:** Hospital Management System (HMS)
HMS is a system enabling hospitals to manage information and data related to all aspects of processes effectively.

Responsibilities:

- Developed and implemented features and modules to enhance system functionality, contributing to project success. Created responsive and interactive UI using React.js
- Conducted rigorous testing, resolving 95% of bugs and errors, ensuring high-quality deliverables.
- Troubleshoot system issues, achieving a 99% uptime rate for smooth operation.
- Collaborated with team members to address technical challenges and deliver optimal solutions.
- Created reusable UI components with React.js, enhancing modularity and maintainability and high-quality, optimized, and maintainable code.
- Built intuitive user interfaces using functional and class components.
- Optimized application performance through code splitting and lazy loading.
- Utilized React lifecycle methods to manage behavior and improve responsiveness.
- Integrated innovative solutions by maintaining expertise in healthcare IT trends.
- Employed Git for version control, adhering to best practices in branching & merging.
- Developed high-quality code using HTML, CSS, & JavaScript ensuring efficiency.
- Leveraged front-end technologies like Bootstrap to enhance design and functionality.
- Experience with front-end development tools and code versioning tools such as Git.

- Exhibited strong problem-solving skills and attention to detail.
- Collaborate with cross-functional teams to identify and prioritize application requirements.
- Stay updated with the latest advancements in React.js and related technologies, integrating innovative approaches for sustained competitive advantage.
- Demonstrate strong proficiency in JavaScript, including DOM manipulation and the JavaScript object model, to create dynamic and interactive web applications.
- Maintain a thorough understanding of React.js and its core principles to implement efficient and robust solutions.

Vivisha Solutions Private Ltd., Hyderabad: *(November 2020 - March 2022)*
